

## **A few words from the people we have helped and their Families:**

“... if it wasn't for Helen's Trust we would not have been able to spend those last precious days with him, at home, which was our greatest wish ... he was treated with the dignity and respect he so truly deserved ... thank you from the bottom of our hearts”

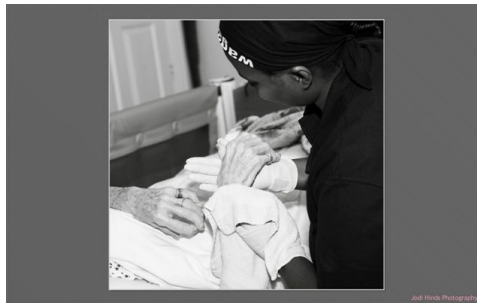

*“I remember mum's final return home. As we got her out of the car she looked at the house, smiled and breathed a sigh of happiness; her relief was palpable.”*

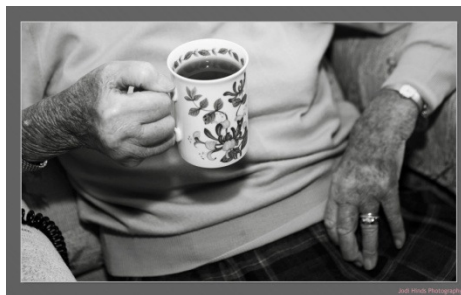

“We had the opportunity to spend her last days together, talking and reminiscing in a wonderful relaxed atmosphere all thanks to Helen's Trust”

“It was important for us, the family, too as we were able to be involved in her care enabling us to show how much she was loved and to say all the things we needed to in a safe environment. Spending her last days at home meant Mum was able to bring her life to a proper conclusion surrounded by those who adored her.”

*“My family and I have the highest regard for the professional way in which Helen’s Trust cared for my wife.”*

“we found the experience of watching mother deteriorate quite shattering but the care made it bearable and mother was kept pain free and comfortable ... the carers that were provided by Helen’s Trust were wonderful and we would not have been able to cope without them”

*“It has certainly helped me to cope with my grief. To be able to nurse a loved one in their home is a real gift ... thank you.”*
